

JNTUH College of Engineering Manthani

Dept. of Mechanical Engineering

Organizes

**One day National Level Technical Workshop On
"Recent Technologies in Engineering"**

Date : 7th March 2014

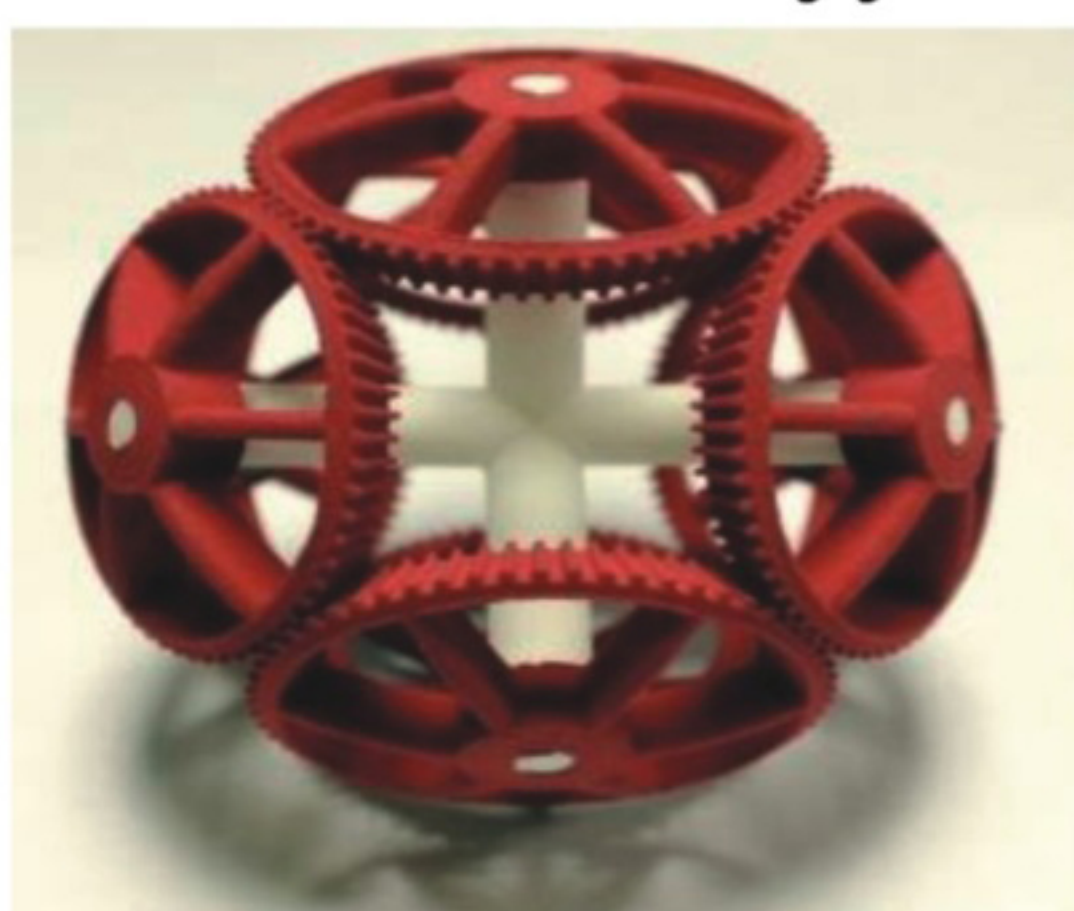

The major global problem is extinction of fossil fuels. But fossil fuel is the fatal source of energy creating hell of problems inside the earth's crust, which results in many calamities. Solar Energy reaching the earth is incredible, which is a nonrenewable, inexhaustible and abundantly available source of energy. By one calculation, 30 days of sunshine striking the Earth have the energy equivalent of the total of all the planet's fossil fuels, both used and unused! More practical information by an Industrialist.

The brilliant Dr. APJ Abdul Kalam who breathed life into ballistic missiles like the Agni and Prithvi, which put China and Pakistan well under India's missile range. None can believe that India now possesses a missile technology system that is more reliable, has a greater range and is less vulnerable being comparatively more mobile than the previous one. ...Get excited information by an executive on missiles.

As the technology is more advanced, the demand for more and more accuracy in the models has been increased tremendously. Especially in bio medical sciences, what if ...if a part of a human body is destroyed, and transplantation

of the same part is possible, provided...exact 3D part is prototyped. Yes, this is very easily achieved by rapid product development....Few more applications by an Academician.

Resource Persons:-

*Dr. Y Ravi Kumar, Assoc. Prof., NIT Warangal
L Dhananjaya, Ex Exec. Director, D & E at BDL
Sriphani Vissamraju, CEO, YesSV, Hyderabad.*

All the students of all the branches are invited to attend multidisciplinary one day workshop.

Registration Fee:

Rs 150/- per student (If paper is presented in the Aavishkruth 2014 Symposium)

Rs 300/-per student (If paper is not presented in the Aavishkruth 2014 Symposium).

Chairman : Dr. B Balu Naik

Advisory Committee

Mr M Uday Kumar

Dr. K Shahu Chatrapati

Coordinator : Dr. K Prasanna Lakshmi

Student Coordinators: -

- N Vamshi* – 8519988341
- G Vishal Chandra* – 8332006321
- N Supriya* – 8985192643
- B Jhansi Rani* – 9908520116
