

Student Carnival

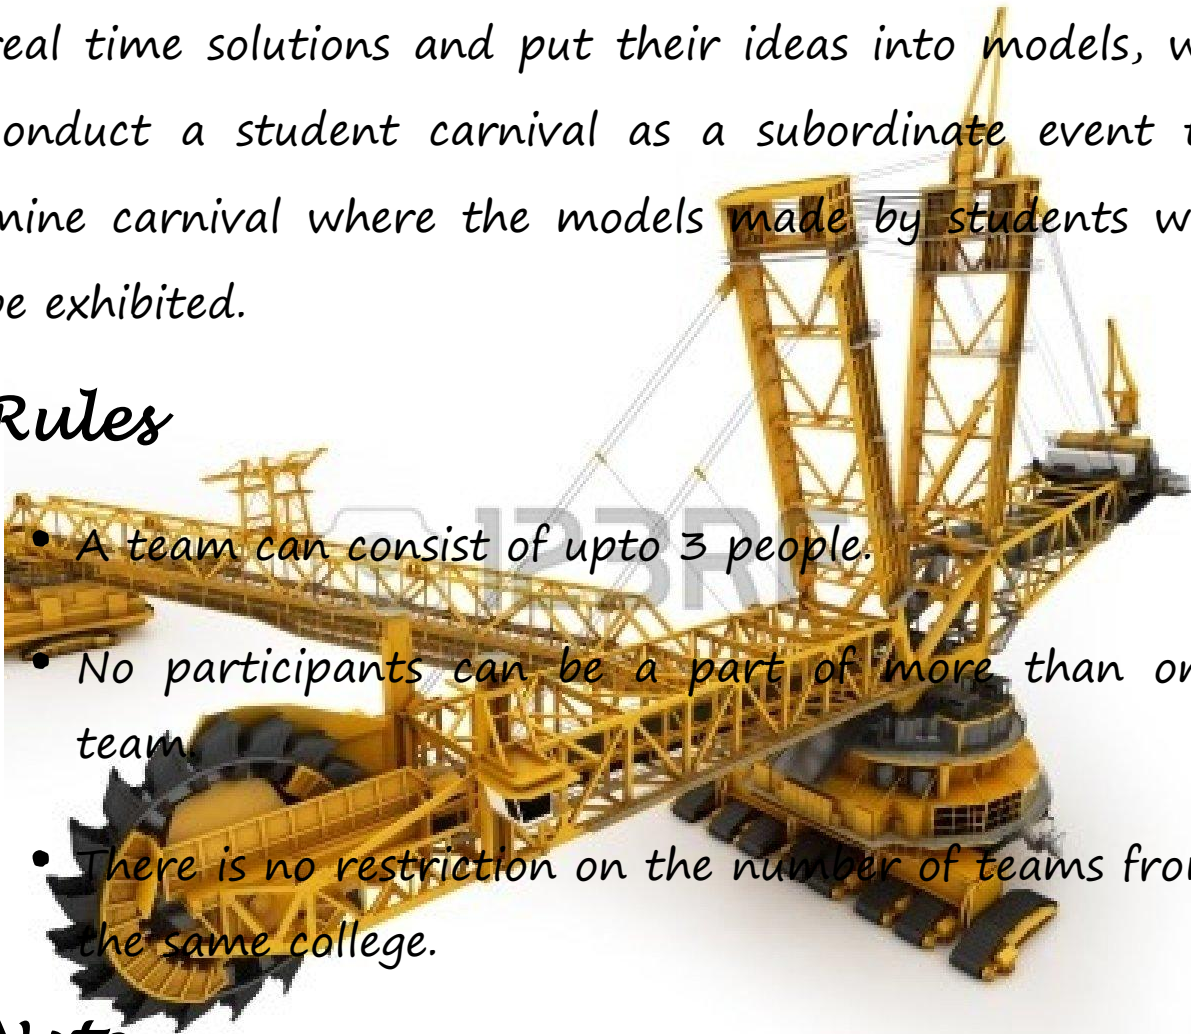

To improve problem solving and model making abilities of students, thus giving a chance to experience real time solutions and put their ideas into models, we conduct a student carnival as a subordinate event to mine carnival where the models made by students will be exhibited.

Rules

- A team can consist of upto 3 people.
- No participants can be a part of more than one team.
- There is no restriction on the number of teams from the same college.

Note

- The judging panel reserves the right to disqualify the participant team, if any of the rules given above are breached by any participant.

- It is the responsibility of the participant to keep themselves updated. The organizers reserve the right to change the rules of the event at any time and will do their best to update the contestants of the same.
