Department of Computer Science & Engineering

JNTUH College of Engineering Manthani
Centenary Colony, Pannur(V), Ramagiri(M),
Peddapally (D)- Telangana State – 505212.

ABOUT THE UNIVERSITY

JNTUH is situated in the heart of the Hyderabad city at kukatpally. A major landmark Jawaharlal Nehru Technological University, Hyderabad has an environment of academic excellence with "A" grade accreditation by NAAC. By bringing a spark of knowledge to young minds & by installing new confidence and vigor to the world. This University has been providing quality education since four decades. The University has 4 constituent colleges namely; JNTUH College of Engineering Hyderabad (CEH), JNTUH College of Engineering Jagtial(CEJ), JNTUH College of Engineering Manthani (CEM) and JNTUH College of Engineering Sulthanapur(CES).

ABOUT THE COLLEGE

Jawaharlal Nehru Technological University Hyderabad College of Engineering Manthani (JNTUHCEM) is one of the new milestones in the history of Jawaharlal Nehru Technological University Hyderabad (JNTUH), which is situated at Centenary Colony, Manthani in Peddapally District, Telangana. It was started in the year 2010 to provide high quality Engineering Education to the rural youth of the backward old districts of Adilabad, Karimnagar, Nizamabad and Warangal, where talented as well as potential students available with dedication and commitment. JNTUHCEM is offering B. Tech programs in Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Computer Science & Engineering and Mining Engineering.

ABOUT THE DEPARTMENT

B.Tech Computer Science & Engineering (CSE) is one of the most sought after courses in Engineering these days. With a blend of hardware and software technologies, CSE provides the students with right expertise needed to flourish in the world of computer technology today. The department of CSE at JNTUHCEM provides the student with a healthy combination of research & practice. The department aims to provide a strong foundation in computer science and problem-solving techniques to the students. The program was planned to offer a blend of computer, communication technologies and other information retrieving/processing tools as to provide the student with the requisite know-how for solving real time problems thereby enabling them to enter the world of opportunities with flying colors and capitalize the huge IT market.

OBJECTIVE OF CONFERENCE

The main objective of the conference "Advances in Computing & Networking (ACN-19) is to bring together academics, researchers and industry practitioners to exchange and share experiences and research results in various aspects of Computing and Networking. The conference provides opportunities for the delegates to exchange new ideas to establish research avenues and to find national partners for future collaboration. The specific objective of this conference is to promote the discipline of CSE as a profession in a large community especially to

decision makers in engineering and industrial applications.

CALL FOR PAPERS

2nd National Conference on Advances in Computing & Networking -2019 seeks relevant contributions in the theme of intelligent computing in networking.

Topics of interest include, but are not limited to:

- Data Mining,
- Augmented Reality,
- Artificial Intelligence & Cognitive,
- Cloud Computing,
- Machine Learning,
- Networks,
- Cyber Forensics,
- Internet of things and Big Data.

INSTRUCTION TO THE AUTHORS

The original paper on experimental, theoretical, conceptual or a survey and research and developments are solicited for presentation at the conference. All submission will be peer-reviewed on the basis of relevance, originality, importance, quality and clarity.
